Some of the responses were to reach out more to minorities, expand community involvement, and keep technology at a high level. The stakeholders in the branches wanted more ways to collaborate and to see increased visibility from the director. The next steps will be to create the position profile based on the data in preparation for listing the position.

The next regular meeting of the Board of Trustees is scheduled for Thursday, March 15, 2018 at the Distribution Center, Wenatchee, WA. There being no further business the meeting was adjourned.

Respectfully Submitted,
